# **STATISTICAL ANALYSIS**

*STATE-GUARANTEED LEGAL AID*

**JANUARY 2025**

## INTRODUCTION

The purpose of this paper is to create a unified statistical analysis regarding the legal aid system, as explicitly required by Law no. 111/2017, "On State-Guaranteed Legal Aid" and its implementing regulations. This analysis directly impacts the drafting and implementation of further policies in the field of free legal aid by the Ministry of Justice.

According to letter "d", Article 8 of Law no. 111/2017, the Directorate of Legal Aid collects and analyzes information on the provision of legal aid to improve the functioning of the legal aid system and organizes campaigns to raise public awareness about the availability of legal aid and the conditions for its provision.

Furthermore, according to letter "gj", Article 8 of Law no. 111/2017, the Directorate of Free Legal Aid maintains, collects, completes, and manages the data of the registry of requests and self-declarations of the subjects of this law and the data of the registry of non-profit organizations providing primary legal aid, according to the rules and procedures approved by the Ministry of Justice.

The procedure for maintaining, collecting, completing, and managing this data is explicitly outlined in Instruction no. 1, dated 08.03.2019, "On the approval of rules and procedures for the collection, completion, and management of registry data."

This summary provides a clear overview of the Free Legal Aid Directorate's commitment to fulfilling its legal obligations and improving access to justice for all citizens in need. The report also aims to identify and analyze key trends in legal aid requests to further enhance services and strengthen legal support throughout the country.

## PRIMARY LEGAL AID

In accordance with Article 13 of Law No. 111/2017, Primary Legal Aid is provided by: Centers for Legal Aid Services (through employees with specialized training); licensed non-profit organizations; and legal clinics within higher education institutions.

1. **The Centers for Primary Legal Aid** services are specialized units providing legal aid. Since the entry into force of Law No. 111/2017, the Ministry of Justice, through the Directorate of Free Legal Aid and in collaboration with international partners, has focused on establishing centers for primary legal aid services across various locations to facilitate free legal aid for citizens (offering a clear, independent mechanism separate from different non-governmental organizations). The most frequently reported cases by citizens receiving free legal aid were serious legal issues.

Based on Article 16 of Law No. 111/2017, the Directorate of Free Legal Aid collaborates with legal clinics, under the terms and conditions outlined in relevant cooperation agreements, to train and update the knowledge of students involved in these clinics on matters related to primary legal aid.

- *Currently, the Directorate of Free Legal Aid has established agreements with 12 Higher Education Institutions in Tirana, Durrës, Shkodër, and Vlorë.*

4. **Online platform juristionline.al**, through this platform, every citizen has the opportunity to receive advice and information regarding the normative acts in force, the rights and obligations of legal subjects, and the methods for exercising these rights in judicial and extrajudicial processes. It also provides assistance in drafting and preparing necessary documents to mobilize the state administration or to request secondary legal aid.
